

iTech's unique 3C4 approach

3C4 Approach:

iTech's unique and proven approaches minimize budget and time overruns.

Competence: We recognize that a services company is only as good as its people. As technology demands burden your infrastructure, iTech responds with industry certified technologists who are uniquely qualified to provide the solutions to relieve those burdens.

Clarity: Our business philosophy has always been, State your intent, and stay true to it. To be an effective extended-enterprise of our clients, we ensure that we clearly communicate our approach, vision and timelines.

Communication: For a successful project, one of the most important elements is communication. Our team listens to you to ensure we thoroughly understand your specific needs, and are properly positioned to meet them.

The 3-Cs in our approach will result in the fourth 'C':

Cost-Optimization: We let our approach and methodology lead us to cost-optimization of our clients' projects.
